Advocates for Children

The San Clemente Junior Woman's Club, established in 1948, is a medium club (22 members) located in the beachside community of San Clemente, CA. Members range in age from 20's through 50's. We are a diverse group of women, most of us with children and many with professional careers, and all with a passion to serve our community.

Project Title: Red Ribbon Week **Hours:** 5 **Donated:** \$ **In Kind:** \$

Since the early 1980's the non-profit organization National Family Partnership (formerly the National Federation of Parents for Drug Free Youth) has encouraged communities around the United States to join in their efforts to keep kids drug-free. As part of those efforts, an annual Red Ribbon Parade is normally held and San Clemente has a history of participating in this national effort. Due to the COVID-19 pandemic, the annual parade was cancelled but the San Clemente Junior Woman's Club still worked to spread awareness by continuing to decorate our city's downtown with red ribbons along Del Mar street. Our club members were happy to participate in this event as it had both a positive impact on the youth in our area as well as provided an opportunity for the club to increase our visibility within the community. We look forward to championing this event in 2021 as well.

CHOC Fleece

Project Title: Blankets **Hours:** 40 **Donated:** \$250 **In Kind:** \$

The San Clemente Junior Woman’s Club worked with CHOC Children’s hospital to fulfill a need at the hospital for fleece blankets for teen patients. A member traveled to the garment district in Los Angeles, procured rolls of fleece (for a fantastic price!!). Due to the COVID-19 pandemic, our members worked on cutting and tying the blankets in the safety of their own homes. Members signed up to create a certain number of blankets and completed the process at their homes before turning them in to our CHOC fleece blanket representative for the club. After the blankets were tied and labels stating that the blankets were made by the SCJWC were sewn on, members with pet free and smoke free homes washed the blankets and packaged them for delivery. A delivery was made in November to deliver the blankets at CHOC in Orange by a member representative. 14 blankets were completed. A lot of love and effort went into these blankets! We hope the patients find comfort in them.
