“PRESERVE, PROMOTE, and INSPIRE”

The 2020-2022 emphasis of the WHRC is to encourage member participation in diverse club and community projects developed to **preserve** the past, **promote** the present, and **inspire** the future. Since the Federation was founded in 1890, GFWC members have carried out the organization's mission to improve communities through volunteer service.

2020 will go down as a historic year that has affected every person on this earth. The Coronavirus outbreak has impacted our lives in many ways. The Pandemic hit the USA in mid-March and since then workplaces, schools, stores, and public gatherings have been closed to Californians due to the high number of COVID-19 cases. Because of this, it is important for Clubs to document how the Coronavirus has changed Club business, activities and communication with members.

Club WHRC Chairs and Historians should take this unique opportunity to describe how their Club has changed and what Clubs are doing to practice social distancing and still carry out Club business and communicate with members. Here are some ideas to include:

Carry Out Club Business

Email

Zoom Meetings

Communicate with Club Members and check on their Well Being

Email

Website & Face Book

Zoom Meetings

Start a Club Phone Tree

Reach out to Your Community

Donate Critical Supplies (face masks, etc.)

Feed the Needy (families and pets)

Give Blood

Volunteer your Time (Shop for and Check on family, friends, & neighbors)

Write letters of support to the lonely.

Support local Businesses

Take Care of Yourself

Stay safe at home as much as possible.

Wear a face mask.

Practice social distancing.

Communicate with family and friends.
